# LIST OF CLIENTS – CFA & TRANSPORT

## **▲ ABOUT US**

A.S Cargo Movers (P) Ltd and A.S. Carriers (P) Ltd is a part of A.S. Group of Company which is having the prime focus in Industrial Infrastructure development, Designing & Construction of Warehouse.

We provide state of the art efficient and reliable Warehousing facilities designed to cater to modern industrial / logistics practices. Our core competencies are in achieving optimum utilization of available spaces wherein all services are addressed adequately in creating an environment for seamless integration of industrial activities. We specialize in creating infrastructure/ manufacturing built to suit facility, to its end product servicing at retail outlets including primary transportation, warehousing, C & f activities and secondary transportation. Needless to say, the group caters to services involved in the lifecycle of a product from its origin to its final destination to the entire satisfaction of its customers.

## ▲ ADVANTAGES

- Well-developed social infrastructure to support residing industries
- Well defined real estate laws, regulations on ownership and transfer of property
- Established connectivity to international and domestic cities
- Easy access to Ports / Sea route
- Well established physical infrastructure

## ▲ CHALLENGES

- Pressure on turnover and rising salary levels
- High cost of infrastructure
- Exploding real estate prices

Feedback received from several MNCs having multi-country operations as well as syndicated analyses comparing the various sourcing locations has revealed that India continues to offer and deliver the best 'bundle' of benefits sought from global sourcing

- NASSCOM
